

SPORTS PREMIUM 2016 - 2017

The government is providing additional funding of approximately £150 million per year to improve the provision of Physical Education (P.E.) and sport in primary schools. This funding is allocated to all primary schools and is provided jointly by the Department for Education; the Department for Health and the Department for Culture, Media and Sport. The money is 'ring-fenced' and must be used to optimise the provision of P.E. and school sport.

P.E. and sport play a central role in life at Mugginton. In addition to our statutory P.E. lessons, we enjoy the weekly Mugginton Mile run, our walk to and from our outdoor

classroom and frequent opportunities to represent our school in competitive sporting fixtures. Through sport and physical exercise, children learn how to live a healthy life; they learn to win and lose; to participate as a member of a team and have another opportunity to show their respect, co-operation and kindness.

We are excited to use the third tranche of Sports Premium funding (£8,174) for the years 2016 – 2017 to further improve our P.E. school sports opportunities.

We will use the funding in the following ways:

- ✚ To contribute towards the funding of our specialist PE provider: Premier Sports. Our instructor, Liam, has developed a long-term plan, which offers the children new sporting experiences such as Fencing and assesses the pupils' progress on a half-termly basis.
- ✚ To support the funding of a free after-school sports club every Monday. Children from across the age ranges are welcome and the club currently attracts approximately 75% of our pupils.
- ✚ To buy in football coaches from Derby County to run an after-school skills session every week.
- ✚ To provide quality-assured professional development opportunities for teachers – ensuring high quality teaching and learning for all children.
- ✚ To increase participation levels in inter- and intra-school competitive sport.
- ✚ To purchase ICT applications such as iPads and 'Fitbit' equivalents to help the children refine technique and learn more about a healthy lifestyle.
- ✚ To continue the Mugginton Mile run and other 'short-burst' activities for children, in addition to P.E. lessons.
- ✚ To continue to increase the number of pupils who stay for the extra-curricular sports clubs.
- ✚ To fund new sports and 'lunchtime' equipment.
- ✚ To fund the training and resources for our older pupils to become 'mini-leaders' and encourage physical, sporting activity on the playground at lunchtime.

Impact of the 2015 – 2016 Sport Premium funding

- ✚ Pupils have attended a range of intra-school sports meets and sporting fixtures. Including football fixtures, athletics and two sports days.
- ✚ 100% of the junior pupils can now swim one length (25 metres).
- ✚ The weekly Mugginton Mile run has been introduced successfully with all children running or walking at least one mile per week.
- ✚ A significant increase in the number of children attending our free after school sports club. The club now attracts over 25 pupils every week – nearly three-quarters of the school!
- ✚ Working with PE specialists has helped our teachers to be more skilled in delivery of PE lessons.
- ✚ The '5/60' healthy living programme was bought in with excellent results thanks to our super trainer, 'Mr D'.
- ✚ Resources have been purchased for PE lessons and for lunchtimes and 'pupil voice' now demonstrates that pupils are much more positive about lunchtimes.
- ✚ All pupils completed a day of 'Bikeability' training in June 2016. They are aware of how to be safe on the road and are encouraged to enjoy cycling with their families and friends.
- ✚ Our school vision includes the phrase 'We believe every child is entitled to a rich education which promotes a healthy mind and body.' This reflects the significant role sports and healthy living plays in our school life.
