Headteacher: Mr J Green

Dear Parents,

After School Clubs and Wrap Around Care

I am very grateful to parents for your support. I recognise that many of you choose to bring your child quite a distance to Mugginton, not to schools which are closer to you. We recognise that you have busy working and family lives and offering extended childcare is part of our drive to support you to support us.

I am delighted to say we are able to offer Wrap Around childcare from 8am until 6pm, in school, every day of the week. The key information, including pricing, is listed below.

- After school clubs will NOT be affected. They will continue to run as they have done, although there is a small price increase on Thursdays and Fridays, from £2 to £3 per session. This is the first time the club prices have increased since 2009 and Monday's free club will continue. Early Birds club prices will not change.
- Our Wrap Around Care provider, Premier Sports, will have a leader in school from 3.30pm until 6pm. This means we can offer an additional club (Dance, charged at £3 per session) on Wednesdays, which will take place in the village hall. French, Arts & Crafts and ICT will continue as normal.
- Children booked into Wrap Around Care will be looked after in the Rainbow Room following the after-school club. The Premier Sports leader will bring food (which is included in the price) and parents will be able to collect their child(ren) at any time up to 6pm.
- I would like to emphasise that the Wrap Around care (4.30-6pm) is not another club; it is childcare so provision will be different – the children will be able to read, complete homework, draw, play board games and use ICT during the session.
- There must be two adults on site at all times children are in the building, including the Wrap Around Care time. One of these will be a Mugginton staff member – almost always myself. It is very important, therefore, that parents do not collect children late. If parents are late collecting children, we will have no choice but to invoice you for another wrap around care session, because we would have to pay our provider for another hour.
- The booking system for after-school clubs will not change (please see the attached booking form). You are able to book Wrap Around Care for the next half-term using this booking form. However, we understand that at times work commitments may change and you might need to access Wrap Around Care at short notice. This is not a problem and there is a separate 'short notice booking form' with copies available on the website and in school.
- The cost to access Wrap Around Care is £10, including the after-school club. In other words, your child can be looked after in school from 3.15pm until 6pm for £10.

This system will be trialled until Christmas with the aim of establishing it as a part of our school going forwards.

I would like to emphasise that the aims of offering this additional care are not entrepreneurial. It is anticipated that we will make a financial loss in the short term. If it proves to be a success, any profit made would be re-invested into school club supplies for arts and crafts and sports and playground equipment.

Many thanks

Mr Green
