Headteacher: Mr J Green

Dear

Thank you for expressing your wish to be part of our school football and tag rugby teams. Mr Wraith, myself and all the staff are so excited to help you to improve your skills, represent our school and have fun.

We see being part of our football and tag-rugby teams as a privilege. You will get extra training sessions, special visits to other schools and the opportunity to play for our school. It is an opportunity for you to show and model to every other child at our school our 5 Core Values in PE.

- 1) **Be Active.** In every sporting fixture we play, we will be the smallest school. This means we have to be fitter and more passionate about what we do. We want you to feel exhausted (and proud) after every game you play!
- 2) **Teamwork.** We are a team and we support each other to be the best person we can be. We learn together whether we win or lose. Team Before Self.
- 3) **Respect.** We respect and value our team-mates and treat others as we would like to be treated.
- 4) **Practice.** We might be the smallest school but we will work the hardest! This means lots of practice at school and at home!
- 5) **Resilience.** In matches and also in school we never give up. If we lose, this is usually because the other team has practised more than we have so we will learn from it and have another go!

If you want to play for our school team, you must show and promote these values in school and during matches – if your behaviour or attitude on the pitch, playground or in the classroom does not meet our standards, you will miss the next game. We ask for your parents' support with this initiative.

Once you have read through this letter with a parent or guardian, please bring it back to school to be signed with us.

*I would like to represent our school at sporting fixtures including the football and tag-rugby leagues this year. I understand that I have to do my best to be a role model to younger children and reflect the 5 values listed above.*
