

# SPORTS PREMIUM 2020 - 2021

The government is providing additional funding of approximately £320 million per year to improve the provision of Physical Education (P.E.) and sport in primary schools. This funding is allocated to all primary schools and is provided jointly by the Department for Education; the Department for Health and the Department for Culture, Media and Sport. The money is 'ring-fenced' and must be used to optimise the provision of P.E. and school sport.

P.E. and sport play a central role in life at Mugginton. In addition to our statutory P.E. lessons, we enjoy two weekly Mugginton Mile runs, our outdoor classroom work every Friday and frequent opportunities to represent our school in competitive sporting fixtures. Through sport and physical exercise, children learn resilience and how to live a healthy life; they learn to win and lose; to participate as a member of a team and have another opportunity to show respect, co-operation and kindness.

We are excited to use our Sports Premium funding (£16,580) for the years 2020 – 2021 to further improve our P.E. school sports opportunities and make sure that the lockdown period and global pandemic will have no effect on our children's physical health. We will use the funding in the following ways:

- ✚ To contribute towards the funding of our specialist PE providers: Premier Sportsp. Our instructors, Jake and Paul have developed long term plans, which offer children new sporting experiences such as Fencing, Dance and Archery and assess pupils' progress on a half-termly basis.
- ✚ To support the funding of a free after-school sports club every Monday. Children from across the age ranges are welcome and the club currently attracts approximately 50% of our pupils.
- ✚ To provide quality-assured professional development opportunities for teachers – ensuring high quality teaching and learning for all children.
- ✚ Link made with Woodlands Tennis Club in Allestree – weekly lessons for all juniors plus one more-able infant.
- ✚ To increase participation levels in inter- and intra-school competitive sport, once we are able to mix with other schools safely.
- ✚ To support our Outdoor Learning drive. Forest Friday resources to be funded and transport to and from locations in the Peak District for our termly whole-school walks with parents.
- ✚ To purchase ICT applications such as IPads and 'Fitbit' equivalents to help the children refine technique and learn more about a healthy lifestyle. Talented runners identified and encouraged to control pace, cadence etc using trackers.
- ✚ Continue the Mugginton Mile running club on Tuesdays and Thursdays and other 'short-burst' activities, in addition to P.E. lessons.
- ✚ To continue to increase the number of pupils who stay for the extra-curricular sports clubs.
- ✚ To fund new sports and 'lunchtime' equipment, including promotion of tennis, tag rugby and football.
- ✚ To fund the training and resources for our older pupils to become 'playground-leaders' and encourage physical, sporting activity on the playground at lunchtime.
- ✚ Mr Clarke, a former Sports Instructor, to maintain role as P.E. Coordinator. Money set aside for training opportunities and resources following a Summer audit.
- ✚ Three Year plan drawn up to improve the playground surface and storage area. Planning application to be submitted by October 2020.

## Impact of the 2019 – 2020 Sport Premium funding Until March 2020

- ✚ Pupils have attended a range of intra-school sports meets and sporting fixtures. Including football fixtures, tag-rugby fixtures and tournaments (we came second!) and athletics.
- ✚ 100% of the junior pupils (Years 3-6) can now swim one length (25 metres).
- ✚ Sports Premium funding was used to employ Mr James Hutton from Thinking Buildings to conduct a feasibility study of our plans to refurbish the playground. This was successful and we intend to submit a planning application in Autumn 2020.
- ✚ The twice weekly Mugginton Mile running club has continued successfully with all children running or walking at least one mile or a 4.3 kilometre course twice per week. It has now been expanded so the children have the opportunity to run in one of three differentiated groups. 25 of the 39 Junior pupils have already run 5kilometres or more and four staff members and three parents are now involved!
- ✚ A significant increase in the number of children attending our free after school sports club. The club now attracts around 25 pupils every week – nearly three-quarters of the school!
- ✚ Thursday Dance Club has been a major success. Children have performed in Church Services and at local competitions (see photo above!).
- ✚ Working with PE specialists has helped our teachers to be more skilled in delivery of PE lessons.
- ✚ Feedback from whole-school walks to Hartington and Milldale is universally positive. These lovely ‘family’ outdoor activities would not be possible without Sports Premium money to fund transport.
- ✚ Resources have been purchased for PE lessons and for lunchtimes and ‘pupil voice’ now demonstrates that pupils are much more positive about lunchtimes.
- ✚ All pupils completed a day of ‘Bikeability’ training in June 2019 and Premium money was used to fund a trip to Carsington to cycle around the reservoir the following day. Children are aware of how to be safe on the road and are encouraged to enjoy cycling with their families and friends. This was not possible in June 2020 but will, if possible, return in summer 2021.
- ✚ Our school vision includes the phrase ‘We believe every child is entitled to a rich education which promotes a healthy mind and body.’ This reflects the significant role sports and healthy living plays in our school life.
