Headteacher: Mr J Green

Dear Parents,

### **Safer Internet Day**

Recently, in the junior classroom, we have been learning about Safer Internet Day (which was on February 7<sup>th</sup>). We would like to inform you about how to keep your children safe online; we have created some basic key points on keeping safe whilst using the internet. We recommend that you:

- Monitor what websites your child visits.
- Keep a record of which social media your child uses.
- Put parental blocks on inappropriate websites.
- Encourage your child to talk about what websites they use.
- Supervise them on potentially dangerous websites.
- Check the age limit on social media (e.g. Facebook you have to be 13yrs or over)
- Encourage your child to tell you (or someone at school) if they see something bad on the internet

We are not trying to say the internet is bad, we are just saying that it is important that we use it carefully.

If you have any questions, please ask Mr Green.

Thank you very much

Jasmine Urwin-Mann (Y5), Daisy Salt (Y6) and Fahren Leyland (Y5).
